## JOB EXPERIENCE

### ARCHITECT DRAWING INTERN

2020

During 4 months, I was an intern at an architecture company where I assisted with the 3D models of the constructions they were working.

### 3D ARTIST FOR SOCIAL MEDIA

2021 - Today

During the past few years, every high-quality model I have created has been used to make a video that has been published on social media.

### 3D PRINTER

2024 - Today

For the last months, I was printing my own and download models in a resin 3D printer, curing and painting them for the customers

### BLENDER TEACHER

2024

For some weeks, I taught classes for a Blender course where I showed the students how to make simple models with this software
